ABOUT

LGBTQ+ individuals remain one of the most marginalized groups worldwide.

A lack of inclusive health care and continued systemic discrimination for LGBTQ+ contribute to the ongoing vulnerability. However, LGBTQ+ activists have raised their voices to ensure that LGBTQ+ are included and have their needs met.

In this webinar, we will discuss the experiences and the ways LGBTQ+ health equity can be achieved.

Panelists

- Bella Galhos, Executive Director of Arcoiris (Timor Leste)
- Enrico Pfeifer, ICU Nurse (the UK)
- Tiger Shigetake, LGBTQ+ Activist (Japan)
- Eriko “Eripon” Yoshida, Director of Nijiirodoctors (Japan)
